

Dual Purpose 7GP50U33- 3 Duoheat Pool & Underfloor

The Duoheat range of dual-purpose heat pump water heaters eliminates the need to invest in two separate heat pumps and can be used across multiple applications including: pool heating, underfloor heating and/or domestic hot water needs.

This reduces unit redundancies and minimises the overall footprint of your equipment.

IDEAL APPLICATIONS

- Swimming pool and underfloor
- Indoor pool heating and air heating

DUOHEAT FEATURES

- Energy efficient
- Environmentally friendly
- Easy operation
- Consistent performance from -10°C to 45°C
- Engineered and built in New Zealand from local and imported parts

DUOHEAT BENEFITS

Duoheat heat pump water heaters offer the same advantages of Performance Plus heat pump water heaters with the addition of:

- Eliminating the need for investing in two or three separate heat pump water heaters
- Providing a smaller overall footprint
- Reducing equipment redundancies
- Lower capital investment over two separate units

Dual Purpose 7GP50U33-3

Technical Specifications

kW output - pool *1	50
Flow rate - litre/second	5.95
Water connections	50mm PVC socket
kW output - underfloor *2	33
Flow rate - litre/second	1.6
Water connections	25mm BSP Female
kW input	10.0
Power Supply	3 Phase + N & E
Circuit Breaker - 3 Pole D Curve	32 amps
Nominal compressor run amps	14.7 Per Phase
Fan full load amps	1.7 (x2)
Dimensions LxWxH - mm	2283 x 825 x 1195
Weight - kg	396
Air volume @ high speed litre/second	3,500
Sound pressure level, high dB(A) *3	56/63

NB: Designs and specifications are subject to change without notice.

*1 kW output values are nominal ratings based on 18°C wet bulb and 28°C water temperature.

*2 kW output values are nominal ratings based on 8°C wet bulb and 38°C water temperature.

*3 Sound pressure measured at 3m in decibels re 20 µPa.

Why buy from Hot Water Heat Pumps Ltd

Back up and service: You can be assured of unprecedented after-sales service. We provide free telephone and email support on all products, for the life of the product, even if you're outside of the warranty period. With periodic maintenance, your Hot Water Heat Pumps Ltd's product will provide you with a lifetime of efficient hot water heating.

Warranty: All of our residential dual purpose swimming pool and underfloor heater models carry a comprehensive two year parts and labour warranty, including the compressor, evaporator coil, heat exchanger and refrigeration systems. The titanium tube within the pool heat exchanger is covered against corrosion for 30 years.

Safety first: Our heat pump water heaters are fitted with protection systems to prevent damage in the event of a malfunction. Such as a flow switch to ensure the heat pump cannot operate without water flow and other refrigeration safeties. If a problem is identified, the unit automatically shuts down before damage can occur.

Energy efficient: Government agency EECA (Energy Efficiency Conservation Authority) has listed heat pumps as one of the most energy efficient forms of heating in New Zealand.

Clean and green: Our heat pumps only use electricity to capture thermal energy in the air, and therefore produce no direct emissions. Compared to gas and diesel boilers, our heat pumps can reduce total carbon emissions by up to 90%.
