

## ThermoPlus THD13i-1 High Temperature Water Heater

The ThermoPlus range of Heat Pump Water Heaters provide an energy efficient, low carbon means of extracting free heat from the ambient air for the purposes of heating and maintaining the potable hot water requirements for residential and commercial applications.

ThermoPlus heat pumps are the ideal economical solution for water heating. High efficiency and quality components give ThermoPlus heat pumps an excellent cost to quality ratio.

### THERMOPLUS FEATURES

- Side discharge fan, makes installation easy
- Highly efficient titanium heat exchanger
- Digital display thermostat
- Quiet operation

### TEMPERATURE CONTROL

Temperature control is by our specially designed electronic temperature controller which reliably measures 0.1°C temperature.

- Accurate temperature control to 0.1°C
- Diagnostic digital display
- User friendly operation
- Quick and easy temperature adjustment
- Constant display of water temperature

### IDEAL APPLICATIONS

- Domestic Hot Water
- Underfloor Heating
- Radiators
- High Temperature Hot Water

Experience the best in heat pump  
water heater technology

 **THERMOPLUS**

 **HOT WATER HEAT PUMPS LTD**

Advancing Water Heat Pump Technology **SINCE 1980**

## ThermoPlus THD13i-1

# Technical Specifications

Heating <sup>1</sup> A7 W35 – Output Capacity (kW)	4.8~13.8
Heating <sup>1</sup> A7 W35 – COP	4.0~5.7
Heating <sup>2</sup> A11 W75 – Output Capacity (kW)	5.2~9.8
Heating <sup>2</sup> A11 W75 – COP	2.2~5.5
Power Supply (V/PH/HZ)	220-240V/1/50Hz
ErP Level (35°C)	A+++
ErP Level (55°C)	A++
Display Controller	LCD Touch Screen
Expansion Vessel (Optional)	5L
EVI System	Yes
Refrigerant Type	R290
Compressor	Panasonic
Max Outlet Water Temperature (°C)	75
Working Ambient Temperature (°C)	-25~43
Water Connection (inch)	G1-1/4
Sound Pressure Level @ 1m (dB(A))	52
Net Dimension (LxWxH)	1205 x 490 x 1050

1. Outdoor air temperature 7°C, 6°C WB; EWT 30°C, LWT 35°C
2. Outdoor air temperature 11°C DB, 65% WB; EWT 70°C, LWT 75°C
3. The Specifications are subject to change without notice.

## Why buy from Hot Water Heat Pumps Ltd

**Back up and service:** You can be assured of unprecedented after-sales service. We provide free telephone and email support on all products, for the life of the product, even if you're outside of the warranty period. With periodic maintenance, your Hot Water Heat Pumps Ltd's product will provide you with a lifetime of efficient hot water heating.

**Warranty:** All of our commercial heat pump pool heater models carry a comprehensive two year parts and labour warranty, including the compressor, evaporator coils, heat exchanger and refrigeration systems.

**Safety first:** Our heat pump water heaters are fitted with protection systems to prevent damage in the event of a malfunction. Such as a flow switch to ensure the heat pump cannot operate without water flow and other refrigeration safeties. If a problem is identified, the unit automatically shuts down before damage can occur.

**Energy efficient:** Government agency EECA (Energy Efficiency Conservation Authority) has listed heat pumps as one of the most energy efficient forms of heating in New Zealand.

**Clean and green:** As heat pumps use renewable energy (air), they are safer and cleaner to run than fossil fuel burners and can lower CO<sub>2</sub> emissions by up to 70% (compared to gas and diesel burners).
